

## With or Without You

Dope

I'll do my time and I won't argue  
A broken glass a portrait of you  
I play on keys of barely in tune  
Forget the reasons I won't resume  
It's not me who wanted fame  
I just needed to

I cash my life and lost my ID  
Apathy is all I see  
Leave the numbers all behind me  
You are all I've got inside me

I don't need to be encaged  
I just need to rearrange

I can't see you anymore  
I can't leave right out the door  
After all that we've been through  
I can't be with or without you

You finally made it on TV  
It's not the way you hoped it'd be  
and all the pain of the insanity  
was this ever meant to be  
And I don't think that I am thee  
one that you keep telling me

It's tearing us up  
And it's breaking me down  
ALL I'll be, I'll be  
With or without you
