

# I Know That You Know

Doris Day

Life's a game, but who can play it all alone  
Ev'ry chap should hold a heart that's all his own  
Love may come at first sight, they told me  
When I saw you, I knew  
That I had found my only love  
When I found you

So, darling, I know that you know  
That I'll go where you go  
I choose you, won't lose you  
I wish you knew how much I long to hold you in my arms

This time is my time  
T'will soon be goodbye time  
Then in the star light, hold me tight  
With one more little kiss say nighty night

So, darling, I know that you know  
That I'll go where you go  
I choose you, won't lose you  
I wish you knew how much I long to hold you in my arms
