The One I Love (Belongs to Somebody Else)

Doris Day

When days are long and nights are lonely And all my daydreams have gone astray I think about the one and only Who's bound to find me some golden day

The one I love is coming along some day And I'll have none except the one I love He/She may be near or ever so far away But I'll have none except the one I love

And though our meeting is left to chance Until our meeting I still will have my dream romance And through the night I pray to the moon above To please be kind and find the one I love
