

## You My Love

Doris Day

My love is ever you, my love  
Now and forever, you my love.  
You walked into my lonely world,  
What peace of mind your smile unfurled.

Yes, and because of you, my love,  
My wishful dream came true, my love.  
In my uncertain heart, I'm only certain of  
How much I love you, my love...

In my uncertain heart, I'm only certain of  
How much I love you, my love

Yes, and because of you, my love,  
My wishful dream came true  
In my uncertain heart, I'm only certain of  
How much I love you, my love
