

# Cry Wolf

Doro

We all learn the hard way  
Like a ride on the rain  
We try to keep the secrets  
Tied and chained

Out there on the dark side  
I can hear you call  
It's so hard to believe you  
I can't run no more

The last time you led'em all astray  
But this time you gave yourself away

So cry wolf  
And tell me it's for real  
Cry wolf  
Since no one knows the way you feel  
Cry wolf  
Your tears are never real  
And no one comes to hear  
When you cry wolf

We all feel the fences  
Standing wide and tall  
Wrapped around our senses  
Made to fall

Outside in the real world  
Deep inside your mind  
Lies a lost deceiver  
I won't wait in line

The last time, you led'em all astray  
This time, you gave yourself away

Cry wolf  
And tell me it's for real  
Cry wolf  
Till no one knows the way you feel  
Cry wolf  
Your tears are never real  
And no one comes to hear  
When you cry wolf

So cry wolf  
Cry  
Cry wolf  
Cry  
Cry yea !  
Cry yea !

So cry  
Cry wolf  
And tell me it's for real  
Cry wolf  
And no one knows the way you feel  
Cry wolf

Your tears are never real  
And no one comes to hear  
When you cry wolf

Cry wolf  
Cry wolf  
Cry wolf

Cry  
Cry wolf  
Cry  
Cry wolf  
Cry  
Cry wolf
