## Kiss Me Like A Cobra

Can you feel my heartbeat When danger comes around I sense a sudden smell of poison Joined by a hypnotizing sound

A deadly game A mind to tame A deadly kiss Eternal bliss

You put me in a state of trance Seduce me like a cobra Could it be our last romance When you kiss me like a cobra

Love is constant danger Cos' it makes me feel alive My life never seemed much stranger When killing me means love

A deadly game A mind to tame A deadly kiss Eternal bliss Doro
