

Only You

Doro

Only you.. can possess me
I need your love.. day 'n' night
Only you.. can deliver me
I need your love, I can't deny
And only you.. can deceive me
I love you more than I can say ahoh
And only you.. can complete me
I need your love.. every day!
And only you.. only you can heal me
I need your love to find a way
And only you.. can complete me
I need your love.. every day, every day
And only you.. only you..
From your love I can't stay away - oh no!
Only you.. only you..
I love you more.. every day, every day

And only you.. can complete me
I need your love.. every day, every day
Only you.. only you
From your love I can't stay away!
I can't stay away!
Only you.. only you
I love you more.. every day, every day
I love you more.. every day, every day
Oh I love you more.. every day, every day!
