

# Scarred

Doro

My eyes just drink you in and I always feel so much  
I'm contemplating sin and you know I'm losing touch  
Everything is moving fast, I know that this must end  
Like a drug that doesn't last let the hangover begin

There's a pain that you left here  
Though I don't know where you are  
I always feel you there  
Where I'm aching and I'm scarred

Can you see it in my eyes? Can you taste it in my tears?  
And I'm drowning every night, It's been going on for years  
(I'm scarred)  
I keep calling out you name, I keep reaching out for you  
In the sweetness and the pain, the scar becomes the truth

There's a clock right by my bed, it keeps blinking out the time  
In a bloody shade of red just like what's on my mind  
And the time passes slow and this feeling never ends  
And the darkness never goes and the new day won't begin

There's a pain that you left here  
Though I don't know where you are  
I always feel you there  
Where I aching and I'm scarred

Can you see it in my eyes? Can you taste it in my tears?  
And I'm drowning every night, it's been going on for years  
(I'm scarred)  
I keep calling out you name, I keep reaching out for you  
In the sweetness and the pain, the scar becomes the truth  
The truth, the truth, the scar becomes the truth

There's a pain that you left here  
Though I don't know where you are  
I always feel you there  
Where I'm aching and I'm scarred

Can you see it in my eyes? Can you taste it in my tears?  
(I'm scarred)  
And I'm drowning every night, it's been going on for years  
(I'm scarred)  
I keep calling out you name, I keep reaching out for you  
(I'm scarred)  
In the sweetness and the pain, the scar becomes the truth

I'm scarred, yeah, I'm scarred, I'm scarred, yeah  
I'm scarred, scarred yeah, scarred
