My eyes just drink you in and I always feel so much I'm contemplating sin and you know I'm losing touch Everything is moving fast, I know that this must end Like a drug that doesn't last let the hangover begin

There's a pain that you left here Though I don't know where you are I always feel you there Where I'm aching and I'm scarred

Can you see it in my eyes? Can you taste it in my tears?
And I'm drowning every night, It's been going on for years
 (I'm scarred)

I keep calling out you name, I keep reaching out for you In the sweetness and the pain, the scar becomes the truth

There's a clock right by my bed, it keeps blinking out the time In a bloody shade of red just like what's on my mind And the time passes slow and this feeling never ends And the darkness never goes and the new day won't begin

There's a pain that you left here Though I don't know where you are I always feel you there Where I aching and I'm scarred

Can you see it in my eyes? Can you taste it in my tears?
And I'm drowning every night, it's been going on for years
 (I'm scarred)

I keep calling out you name, I keep reaching out for you In the sweetness and the pain, the scar becomes the truth The truth, the truth, the scar becomes the truth

There's a pain that you left here Though I don't know where you are I always feel you there Where I'm aching and I'm scarred

Can you see it in my eyes? Can you taste it in my tears?
 (I'm scarred)

And I'm drowning every night, it's been going on for years (I'm scarred)

I keep calling out you name, I keep reaching out for you
 (I'm scarred)

In the sweetness and the pain, the scar becomes the truth

I'm scarred, yeah, I'm scarred, I'm scarred, yeah
I'm scarred, scarred yeah, scarred
