Alpha Female

She's lost Words mean nothing She's lost She's lost Words mean nothing She's lost She didn't want to conquer you Another misconception It tasted strange She can't explain But it's all forgotten now Her fingerprints Are on your hands That's all she's left for you You just untangled all her words They're inexpensive now She's lost Words mean nothing She's lost She's lost Words mean nothing She's lost You walked the world It's almost over now Your satellite escape each day You've got an alpha female muse A little introspection She isn't there to be misused The shallowest reflection She's lost Words mean nothing She's lost She's lost Words mean nothing She's lost She's lost Words mean nothing She's lost She's lost Words mean nothing She's lost
