

# Tell A Lie

Dotan

Scratches on my skin  
Image of your sins  
In my home

Mirror on the wall  
Tell me is this all my fault

Sometimes pain hides too slow  
Glass curls into sorrow

Tell a lie  
Tell a lie  
On this rainy day  
Cover my eyes

Tell a lie  
Tell a lie  
Keep the pain away

Let me hide under streetlights  
'Cause tonight it's dark one more night

Tell a lie  
Tell a lie  
On this rainy day  
Cover my eyes

Trying not to break  
Running from the pain  
It cost me

Got me in a state  
Like a dream parade  
I'm falling

Tell a lie  
Tell a lie  
On this rainy day  
Cover my eyes

Tell a lie  
Tell a lie  
Keep the pain away

Let me hide under the streetlights  
'Cause tonight it's dark one more night

Tell a lie  
Tell a lie  
On this rainy day  
Cover my eyes
