

You Still Got Me

Doug Supernaw

I just called to say hello, I hope everything's alright
Me, I'm doin' fine, but I still can't sleep at night
I finally had a good day just last week
At least the best one since you've gone
But it kills me when I hear, "When's Mamma comin' home?"

And I know that there are somethings
You feel that you've been missing
I tried to be your Superman
I've done all I can
Still you feel the need to spread your wings
But darlin' if you're listening
When the world ain't all you thought it would be
You still got me

I live everyday a lie and tell the kids that it's alright
And I see alot of you in them when I tuck'em in at night
Try hard not to be too weak, for one of us must be strong
And it kills me when I'm there lyin' all alone
You Still got me
