

# Almost Forgot Myself

Doves

So close  
You're wasted again  
I know, somehow  
I lost myself again

Making me high again  
I almost forgot myself again  
It hits me so hard, It kills me again  
Today

So close  
Yet you're wasted again  
I know, somehow  
We'll find ourselves  
I don't know, I don't know

Then we'll be high again  
I almost forgot myself there  
It hits you so hard, And kills again

I almost forgot myself again  
I almost forgot myself there  
It's hitting me hard, It moves me again
