

Black and White Town

Doves

Here comes the action
Here it comes at last
Lord give me a reaction
Lord give me a chance

You should follow me down

In satellite town
There's no color and no sound
I'll be ten feet underground
Gotta get out this satellite town

Here comes some action
First time in my life
Gotta get out to get compensation
Gotta get out to get this to last

Whether you live alone
Or you're trying to find your way in this world
You better make sure that
Crack your head on the pavement man !
My God ! The shock !
It's been preying on me and mine
This is a dangerous place man
This is a dangerous place, there's nothing here

You should follow me down

In satellite town
There's no color and no sound
I'll be ten feet underground
In a black and white town

You should follow me down

There's no colour and no sound
In a black and white town
I'll be ten feet underground
In a black and white town
