

Far From Grace

Doves

If you should fall
If you should fall
far from grace

If you should call
on him
wake up to the music again
you can feel sunlight
in your eyes

living is so useless 'round here
the city's so dangerous
on your own

how beauty dies young

but if you should fall
oh, if you should flow
from grace
how beauty
beauty fades

if you should fold
if you should fail
far from grace
far from grace

oh, oh beauty
you could know
