

## Melody Calls

Doves

She stops out till morning  
she hangs out at fairgrounds  
Moving to a new sound  
Waiting to forget the past

A melody calls  
Loops around, a setting sun  
Time to lose herself again  
A melody calls  
A setting sun, a melody calls  
Time to lose myself again

She words don't come so easy  
She can't say what's inside  
The sounds they do speak for me  
The sounds remain forever  
Stays with her till morning time

A melody calls  
Loops around, a setting sun  
Time to lose herself again  
A melody calls  
A setting sun, a melody calls  
Time to lose myself again

Hey, Melody calls  
Hey, Melody calls
