

## Rise

## Doves

Belly up in a sea of love  
Drowning's good in a sea of funk  
Drowning's good in a cedar love  
I'll keep you there, I'll keep you there

So long  
So long

City lights come back in June  
Seems the sun has gone too soon  
Miles away from anywhere  
Feels so warm in the southern air

So long  
So long

So long  
So long
