

## Satellites

Doves

I want you to know this  
My anger's all but done  
Sweet Lord  
I swear I've seen the darkness  
Sweet Lord  
I swear I've seen some pain

Satellites ahead  
So hold on  
Satellites I said  
So come on

Here comes a strange cargo  
Here comes a light that leaves out of here  
Sweet Lord  
All I've known is badness  
Sweet Lord  
All I've known is pain

Satellites ahead  
So hold on  
Satellites I said  
So come on  
For seven nights I slept  
Hold on  
The satellites ahead  
So come on

I want you to notice  
My anger's all but done  
And all I've known is madness

Satellites ahead  
So hold on  
For seven nights I slept  
So come on

So hold on  
So come on  
So hold on  
So come on
