

Words

Doves

Inside is
A heart of summer soul
Don't let them
Take it away

Cause inside
Something solid gold
So don't let them
Throw it away

Words they meant nothing
So you can't hurt me
I said words they mean nothing
So you can't stop me

I said your eyes, they say nothing
So you can't hurt me
On summer days like these
I said words they mean nothing
So you can't hurt me

Follow
Your own path from here
So don't listen
To what they say

Cause inside
you've a heart of gold
So don't let them
Take this away

Words they meant nothing
So you can't hurt me
On summer days like these
I said words they mean nothing
So you can't stop me

I said your eyes, they say nothing
So you can't fault me
I said words they mean nothing
So you can't hurt me

Inside
A heart of pure soul
A sun rising
And falling away, like your soul

Cause here comes
Something wonderful
So don't let them
Throw it away

Words they meant nothing
So you can't hurt me
On summer days like these
I said words they mean nothing
So you can't stop me

On summer days like these

I said your eyes, they say nothing

So you can't stop me

On summer days like these

I said words they mean nothing

So you can't hurt me
