

Dark Queen

Down Below

She lives in my dreams
She's the reason for
The reason for my screams
My sweetest nightmare

She came into my life
Like the falling rain
On a black summer night
And I know she is dangerous
But she's mine
My sweetest nightmare...
I felt her black hair
I smelled her white skin
I saw her green eyes
And it tastes like sin
And I know she is dangerous
But she is mine
My sweetest nightmare...

She's my dark princess
She's my black queen
And maybe it's just a dream
Ignore my silent screams
From my sweetest nightmare
She's my dark princess
She's my black queen
And maybe it's just obscene
Ignore my silent screams
From my sweetest nightmare
She's my dark princess
She's my black queen
Oh oh...

I felt her black hair
I smelled her white skin
I saw her green eyes
And it tastes like sin
And I know she is dangerous
But she is mine
My sweetest nightmare...

Nightmare... My sweetest nightmare
Nightmare... You're my dark princess
You are the one
She lives in my dreams
And she's the reason for
The reason for my screams
My sweetest nightmare...

She's my dark princess
She's my black queen
My sweetest nightmare oh, oh...
She's my dark princess
She's my black queen
My sweetest nightmare oh, oh...
My sweetest nightmare
