

Right or wrong

Down By Law

Under the sky
You see me walk alone
You wonder why
I honestly don't know
To be alone tonight
To find the answers
What's wrong or right
Your right or wrong
How can I see
Your right or wrong
Which will it be
Your right or wrong
How can I know
Your right or wrong
Which way to go?
Lying awake at night
Thinking of all the things
I have to do
And things I should have done
Decisions to be made
I see the path
Is it the way?
I know the answers out there
If I keep looking, will I find it?
The answers in the night
And if I find it, what then?
What then?
