

Parade Music

Down with Webster

[Chorus:]

She like I'm number one!
I'm marchin' to the drums
Throw your hands to the sun
We get it done so come on (this is parade music)
Come on (good grade music)
Come on (party like you just got paid or got laid music)
Come on

[Verse 1:]

I'm a dance floor activator
I'm the instigator
Bring your party hat
And bring your party favors
Here's a pointer dude
Earn a point or two
Or I'll point you out
Ride your pointer dude
Drinks [?]
Shots you be pourin' me
Finger to the authorities
Like where's the sororities!?
I'm fresh man
Looking for a sophomore
Since I'll be so fresh man
They'll know me to I'm sophomore

You wanna party high?
Yea I'm the party guy
Dope chain hangin' wit a cup full of party tide
So cheers wit me
And clang your glass
We got it made, it's a parade at last!

[Chorus x2]

[Verse 2:]

I'm riding on a float
Shaped like a giant pirate boat
Hot girl like a bird on my shoulder
King of the land, pleased to meet ya
Here's another heater that we made drinking beer
And eating pizza
This is your alarm clock
Time to get, up and at em
I'm celebratin' like I beat you in a game of madden
I got an A+
I'm out in Vegas
Put it all on a rap and I'm gettin' paid up
It's time to party y'all
Got so many beads
Looks like Mr.T, turned white and showed up to Mardi Gras
Laugh it up Hardi Har
Me is what I'm bout
Kenny pour drinks for all the people down with me
Cheers!

Say haaaaay
If you're paaaaaaaiiid
Say haaaaay
If you're gettin' laaaaaaiiid
Haaaaay
It's a paraaaaaaaaade
Yeeeeeeaaaaa

[Chorus x2]
