

Star Maps

Down with Webster

You didn't grow up with us,
Never been on the bus with us,
With one verse I'll let you all know exactly what's up with us.
7, 6, 5, 4, 3, 2, 1 with us,
We're comin' through your city and you'll never get enough of us!

I feel like I know every wake boarder and skateboarder cross every province
line,
Every state boarder, every kid who drinks liquor, every kid who throws up,
Every kid who heard about the Webster show and showed up

But now you got to jam with us so you're probably a fan of us,
With one verse I'll let you all know exactly the plan with us,
Come on, stand with us, yeah, throw up your hands with us,
We're coming through your city cause I know you've been demanding us!

They told me star maps will take you to the stars,
Just because you're driven that don't mean you'll get the car,
Because you're going fast doesn't mean you go far,
If you pitch in that don't mean you fit the chart, no.

It's all ya'll that set it off,
Light me up and I'm takin' off.
It's all ya'll that set it off,
Light me up and I'm takin' off.

We're takin', we're takin' off,
We're takin', we're takin' off,
We're takin'; we're takin' off on all of you.
We're takin', we're takin' off,
We're takin', we're takin' off,
We're takin', we're takin' off on all of you.

And if you wanna you can ride my rocket ship,
Fly my rocket ship, hey, hey, hey!
And if you wanna you can fly my rocket ship,
Ride my rocket ship, hey, hey, hey!

Didn't grow up with us,
Never been on the bus with us,
With one verse I'll let you all know exactly what's up with us,
Star maps won't take you to the stars,
In fact, eh yo, x marks the spot, but there's no key on the map.

But still it seems like I know every back packer,
And drunk rapper, punk rock kid, DJ to track master,
Girls who act proper, chicks who act nuts,
Seems like the whole world wanna know about us.

And you me, we rock with you, when we rockin' you,
Taken off like a rocket ship when we set it off,
When you people taken off in a word, set it off,
When you people taken off on the world.

They told me star maps will take you to the stars,
Just because you're driven that don't mean you'll get the car,
Just because you're going fast doesn't mean you go far,

If you pitch in that don't mean you fit the chart, no.

It's all ya'll that set it off,
Light me up and I'm takin' off.
It's all ya'll that set it off,
Light me up and I'm takin' off.

We're takin', we're takin' off,
We're takin', we're takin' off,
We're takin', we're takin' off on all of you.
We're takin', we're takin' off,
We're takin', we're takin' off,
We're takin', we're takin' off on all of you.

And if you wanna you can ride my rocket ship,
Fly my rocket ship, hey, hey, hey!
And if you wanna you can fly my rocket ship,
Ride my rocket ship, hey, hey, hey!

Well you didn't get down with us,
Never cooked up a sound with us,
Never stepped to the mound,
So you'll never hold up the crown with us.

Fans of the band let the jam hit the stamina's,
Heads in the clouds, but gravity's always grounded us,
I never was asleep but I always had a dream,
And I never had a beeper, I'm always on the scene,
Don't need to go and dig it deeper cause you know just what I mean,
Nobody's gonna teach ya, gotta learn for the team.

Now you know I gotta set this bitch off,
You know you only hating cause I make you pissed off,
So keep your little star maps I know you're just talk,
Keep your little star maps, you know you're still lost.

Hey, hey, hey!
Hey, hey, hey!
Hey, hey, hey!
Hey, hey, hey!
And if wanna you can ride my rocket ship,
Fly my rocket ship, hey, hey, hey!
And if wanna you can fly my rocket ship,
Ride my rocket ship, hey, hey, hey!

These star maps won't take you to the stars,
Just because you're driven that don't mean you'll get the car,
Just because you're going fast doesn't mean you go far,
If you pitch in that don't mean you fit the chart, no.
