

# Ten

## Down with Webster

Ten for me (3x)  
Ten, Ten, ten, ten for me ten for me (2x)  
Yup, we had to do a song for Kap, haha  
Still looking like I'm ten, but I'm steady getting ass  
Attended university but never went to class  
Yea I slipped my teacher ten after ten then I passed  
Now I'm rapping, drinking 40's, smoking blunts and getting mash  
ed  
Yea I'm looking for a girl type 10 or a dime  
Bets to be a balling chick and get on my grind  
But if you ain't down with ten don't pretend to be  
I got a whole parade of ponies yelling 10 for me  
Yo I be sloppy bro, copy that  
10 4 holla back  
Saucy got a bottle back  
So where the fuck the party at  
Some people holding back  
Hold koala packs  
Loaded with the 40 sac an odie and a phony's hat  
And I control the track  
Hit it once I hold the bat  
Hittin blunts I'm holding that  
You light it up, I blow it back  
Burst you like a bubble when I come in the track (POP)  
And now you in trouble cause d-dub will roll you flat  
My life is ten  
My flow is ten  
My show is ten  
You know it's ten  
So if you ain't down with webster, don't pretend to be  
I got the whole crowd throwing up a ten for me  
Ten for me (3x)  
Ten ten ten, ten for me ten for me [until music fades out]
