

## His Majesty the Desert

Down

I try when there is no such thing  
And hide rejecting, rejecting  
Reaching for a handful  
(Yet still the pain goes on)  
Reaching for a handful  
(Yet still the pain goes on)  
Reaching for a handful  
(Yet still the pain goes on)  
Reaching for a handful  
(Yet still the pain goes on)  
Countdown, countdown, countdown  
From the inside looking out  
And building and building and building  
And building and building and building
