

His Majesty the Desert

Down

I try when there is no such thing
And hide rejecting, rejecting
Reaching for a handful
(Yet still the pain goes on)
Reaching for a handful
(Yet still the pain goes on)
Reaching for a handful
(Yet still the pain goes on)
Reaching for a handful
(Yet still the pain goes on)
Countdown, countdown, countdown
From the inside looking out
And building and building and building
And building and building and building
