

Learn From This Mistake

Down

I've come so close, it's almost hard to believe
When you're up close, it blinds you brilliantly
Just one rush can change your life forever
Just one push can end it all together
Why can't we learn from the plague that surrounds us
Learn from my mistakes
Learn from this mistake
Learn from our mistake
Learn from their mistakes
There's no shoulder to cry on when you have no shame
There's no finger to point when you are to blame
Open book, in my eyes shows you rain, then storming
I can't look, when covered by the nothing and the suffering
Learn from my mistakes
Learn from this mistake
Learn from our mistake
Learn from their mistakes
Learn from my mistake
Believe me, all my friends, in the ending of the story
There's no junkie out there with a happy ending
It consumes you, and haunts you like the devil
It's the art of the process that kills off all the rebels
Learn from this mistake
Learn from my mistake
Learn from our mistake
Learn from my mistake...
