

The Path

Down

Crawling, to the path of the righteous
Crawling, to you again, to you again
Crawling, up and down a mountain
Crawling, then up again, then up again
[Incomprehensible]
Could you ever admit to yourself
That you must walk in the light of the past?
Not invited, to cry out loud
I'm a brother, stone cold true
Love and suffer, Siamese gold
Left divided, so I trudge on out
[Incomprehensible]
Could you ever admit to yourself
That you must walk in the light of the past?
Not invited, to cry out loud
I'm a brother, stone cold true
Love and suffer, Siamese gold
Half divided, so I trudge on
Eyes wide to reality
Crawling, up and down a mountain
Crawling, to you again
Eyes wide to reality
Crawling, up and down a mountain
Then up again
Eyes wide to reality
Crawling, I'm
Crawling, I'm
Crawling, I'm
Crawling
I'm crawling to you
