

# Cathedral Made Of People

Downhere

If they shut down the churches where would you go  
If they melted all the stain glass windows  
Replaced every sanctuary, with a condo  
Where would you go 2x

Chorus

We are a cathedral made of people  
In a Kingdom that the eyes can see  
We're a house, we are the bride  
Where God's Spirit lives inside and nothing ever can stand against her

If they burn all the bibles what would you know  
If they .....how would you grow  
And declare your devotion to the criminal  
What would you know 2x

Chorus

Instrumental

Chorus

When they throw you in prison what will you do  
When they hate you for the things you know are true  
They can tear down this temple but they can't touch you

Chorus
