

# Bad

## Downstait

Verse 1:

Lay back, there's no need to hide  
Watching TV with the gun at my side  
There's no time to make a decision  
I have to pay dues for the life I've been living  
I can't stop, I can't see what's coming  
Going through hell with the chainsaw running  
Round-up(?) I'm ready to breathe  
Got no regret cause it's the end of days  
Nowhere, no one, yeah I take over

Chorus:

We're all gonna die one way or another  
So when I'm alive I'll be a bad motherf\*cker  
I'm bad, I'm bad  
I'm bad, I'm bad  
Worst nightmare you've ever had

Verse 2:

Cols steel and a tank of gas  
Rabble through a ... broken glass  
I see the edge, it's coming fast  
But I don't care if I come in last  
Maybe I'm a fool to think that I could make it all the way  
With everything I did beyond my competent decay  
I can hear it in the distance it's the devil's cry  
I can see my name written in a burning die  
Nowhere, no one, yeah I take over

Chorus:

We're all gonna die one way or another  
So when I'm alive I'll be a bad motherf\*cker  
I'm bad, I'm bad  
I'm bad, I'm bad  
Can you stay and welcome me(?)

We're all gonna die one way or another  
So when I'm alive I'll be a bad motherf\*cker  
I'm bad, I'm bad  
I'm bad, I'm bad  
Worst nightmare you've ever had

Run, run away from me  
The time is mine, ...  
Run, run, run away from me  
...

I'm not afraid to die, my soul is empty now  
The clock, the ticking stoWs, and we are undone

Nowhere, no one, yeah I take over

Chorus:

We're all gonna die one way or another  
So when I'm alive I'll be a bad mother-motherf\*cker  
We're all gonna die one way or another  
So when I'm alive I'll be a bad mother-motherf\*cker

I'm bad, I'm bad  
I'm bad, I'm bad

We're all gonna die one way or another  
So when I'm alive I'll be a bad mother-motherf\*cker  
I'm bad, I'm bad  
I'm bad, I'm bad  
Can you stay and welcome me

We're all gonna die one way or another  
So when I'm alive I'll be a bad mother-motherf\*cker  
I'm bad, I'm bad  
I'm bad, I'm bad  
Worst nightmare you've ever had
