

# I Came To Play

Downstait

Run away if you see me  
Don't even say my name  
Don't think that you can know me  
Don't try and play that game  
Every day that I get better  
I watch as you get worse  
My script is too the letter  
And I'll write your final verse

I am here to stay (Well I'm here to stay)  
And I have come to play

I came to play  
I came to play  
There a price to pay  
Time for you to get down on your knees and pray  
I came to pay  
Say goodbye to the good old days  
They're never coming back  
Watch your future fade  
I came to play  
I came to play to get my dues paid  
I guess you had a dream  
But it can't be safe  
I came to play

I'm here to stay  
Best get out of my way  
I came to play

I go inside this light  
I see new life unfold  
Each second I burn brighter  
Your fire is going cold  
You could try to beg for mercy  
Go ahead and try to run  
No escape and no redemption  
Understand the ends begun

I am here to stay (Well I'm here to stay)  
And I have come to play

I came to play  
I came to play  
There a price to pay  
Time for you to get down on your knees and pray  
I came to pay  
Say goodbye to the good old days  
They're never coming back  
Watch your future fade  
I came to play  
I came to play to get my dues paid  
I guess you had a dream  
But it can't be safe  
I came to play

I'm here to stay

Best get out of my way (outta my way)

See all these lights there glowing  
Hear all these people cheer  
Feel all the love thats flowing  
All just because I'm here  
Get up stand on your feet (get up)  
Get your hands up in the air (get your hands up)  
What you know about taking me down (yea)
