The Last In Line

Downstait

We're the ship without a storm The cold without the warm Light inside the darkness That it needs, yeah

We're a laugh without a tear The hope without the fear We are coming home

We're off to the witch
We may never, never, never, come home
But the magic that we'll feel
Is worth the lifetime

We're all born upon the cross We're the throw before the toss You can release yourself But the only way is down

We don't come alone
We are fire, we are stone
We're the hand that writes
Then quickly moves away

We'll know for the first time If we're evil or divine We're the last in line We're the last in line

Two eyes from the east It's the angel or the beast And the answer lies Between the good and bad

We search for the truth
We could die upon the tooth
But the thrill of just the chase
Is worth the pain

We'll know for the first time If we're evil or divine We're the last in line, We're the last in line, oh

We're off to the witch
We may never come home
But the magic that we'll feel
Is worth a lifetime

We are born upon the cross
The throw before the toss
So release yourself
But the only way to go... is down

We'll know for the first time If we're evil or divine We'll know for the first time If we're evil or divine We're the last in line We're the last in line
