

Crimson Highway

Dozer

My baby - she's gonna make hell freezin',
she's got diamond eyes...
Queen of the darker side, you'll die kneeling,
face down in the mud...

She is comin' - She is your bleeding heart...
She is comin' - And I'm her brand new God...

I am the demon in her way, ain't no use to run...
I am the one that sets her free...

My baby - she's gonna make you come crawling,
crawling back for more...
Pure evil's in her blood, 'cause she's a sweet thing,
you have sold your soul...

She is comin' - She is your bleeding heart...
She is comin' - And I'm her brand new God...

I am the demon in her way,
ain't no use to run...
I am the one that sets her free...
I am the demon in her way,
ain't no use to hide...
I am the one that can see her...
