

Nation

Dr. Acula

Just in time for a decade of heresy.
A nation born on pain and disbelief.
We are a permanent structure.
One nation over god.
Hunger struck a beaten down to the ground.
Find the strength to pull them down.
Mistreated ashamed and bound.
Find the strength to pull them down.
Your structures your cross fucking belong to us.
When 7 trumpets sound,
Find the strength to pull them down.
Crawling at a rapid rate we will pull this monster down.
Showing a brand new way,
State by state we'll change today.
Become a part of this, become a soldier.
Nation rise up and show them.
Go forth, go strong, go quickly.
Get it done, get back to us.
We need you all right now.
With strength in numbers we can never fall down.
I can remember when I felt like I belonged to nothing.
I remember when I felt like I belonged to nothing.
And no one would notice if I were here or not,
To be stronger but just to stay alive and well if you wanna make history.
Stay home do, Do nothing.
Don't be part of them.
