

Who You Gonna Call?

Dr. Acula

Looks like we did it again
Up in the building now the party begins
I said it's going down
It's starting to kick in
We're gonna do it big
We'll make it fun to sin
Yeah and it's finally here
So fuck a century let's start with a year
I said it's going down
It's starting to kick in
We're bringing sleazy back
We make it fun to sin
I, I know
I know you know
I know you know what time it is
I, I know
I know you know
I know you know what time it is
And I know it's stored in your phone
You got the number but you still won't make the call
Don't be shy, ain't no reason to stall
And tell me, who you gonna call?
Who you gonna call?
Who you gonna call?
And you know we got what you need
Got something potent that will bring you to your knees
Who you gonna call?
Who you gonna, who you gonna call?
Who you gonna call?
Who you gonna, who you gonna call?
Bow your head to your kings
Bow your head to your kings
Looks like we've done it again
We leave the building now the party must end
And that's how it went down
And as we start to come down
We did it big
And made it fun to sin
We're bringing sketchy back
We're bringing sketchy back (Who you gonna call?)
Who you gonna call?
