

You Can't Scare Me

Dr. Acula

Lights, camera, distraction
This place is electrified
The monster has risen
Get back in the ground

ROFL PLEASE SEND NOODS

Were taking everything
And turning it into gold
Nothing will be the same
And no one will know your name

They don't make lungs big enough
For you to try and run from us

Rofl please send noodles

I'm the new thing youve been dying to see
I'm your every fucking fantasy

Look how fucking cool I am
