

# California

Dr. Dog

Well I don't think it's odd  
To stand before God  
And solemnly swear when there's love in the air

And I don't think it's weird  
When the one thing you fear  
Is losing the one thing that's holding you dear

Well I don't think it's strange  
I don't think it's insane  
It turns the world around  
All the birds keeping singing  
And the bells keep ringing  
And the heart keeps bringing you home to

California  
Where the warm sun shines  
California  
Hear the wind blowing chimes  
Californ-i-a  
Though you're far away  
Your love is here today

True love in your heart  
Like a flame in the dark  
May you have may you hold  
Till death do you part  
'Cause two of a kind  
It ain't easy to find  
Coming out of the gloomy  
And led by the blind

It don't take much to see  
That what's meant to be  
Is right in front of me  
When the birds keeping singing  
And the bells keep ringing  
And the heart keeps bringing you home to

California  
Where the warm sun shines  
California  
Hear the wind blowing chimes  
Californ-i-a  
Though you're far away  
Your love is here today

We're sitting on a real celebration  
Thank heavens what a fine situation  
Shoot the cannon blow the horn  
Love is born in California
