

How Long Must I Wait

Dr. Dog

I walk with you everywhere I go
But I don't see why you know.
I sing your prays like a long song bird
But I don't supposes you heard.
I... my voice... my lungs
But I'm standing on the tip of my toe
And all I see on that looks the same
A picture in a frame!

Chorus:

Oh, what's all...
Look out and see
My time, my time, my time is to be

I fight for you, our love is war
The battle of Baltimore
I took you back then,
I'll take you down the road
You're with me on my own

Chorus:

Oh, what's all...
Look out and see
My time, my time, my time is to be

How long must I wait?
How long must I wait?
How long must I wait?
How long must I wait?
How long must I wait?
How long must I wait?
How long must I wait?
How long must I wait?
