

Say Ahhh

Dr. Dog

Waiting, don't be crazy
don't you know that we had the chance to take a chance
waiting, imitation
i know you feel it now but you're not sleeping
underground
yeah, yeah, yeah
cuz when the night sky turns into day
but the blues just get in the way
you should quit when the quittin' is right
don't let it get boring
yeah quit when the quittin' is right
don't let it get boring don't don't don't

lay down and raise your right hand
i swear you'll never die when we're just lyin' there in
bed
roll on rollercoast on
make it alright, take a chance to learn to fall
yeah, yeah, yeah
cuz when the night sky turns into day
but the blues just get in the way
you should quit when the quittin is right
dont let it get boring
no you can go under the knife
don't let it getting boring
don't let it

lalalala
