

The Truth

Dr. Dog

The truth don't stop
It makes you move
Round and round
Like the moon
It's coming down

The truth don't stop
It's really coming
The truth don't stop
It's falling hard
The truth don't stop
Another day
The truth don't stop
Thunder and lightning

The devil's done
I paid my dues
But he just won't quit
He don't like to lose
It's coming down

The truth don't stop
It's really coming
The truth don't stop
It's falling hard
The truth don't stop
Another day
The truth don't stop
Thunder and lightning

Let the rain fall
Let the rain fall
Let the rain fall
Let the rain fall
Let the rain fall
