

# Wake Up

Dr. Dog

I just stayed there  
And I was born at the scene of a crim  
Every witness, well he was deaf and dumb  
And blind

Every highlight leads the high life, yeah  
Doo-we oo-wee a baba  
Doo-we oo-wee a baba

Every moment was a moment, ah  
Doo-we oo-wee a baba  
Doo-we oo-wee a baba

Well, how'd I get here?  
You know I followed the billboard sign  
Every product, well it follows me down the line

Every daydream, every dead one, too  
Doo-we oo-wee a baba  
Doo-we oo-wee a baba

Every wish that you could wish for came true  
Doo-we oo-wee a baba  
Doo-we oo-wee a baba

Every daydream, every dead one, too

Every wish that you could wish for came true

Oh, wake up  
Wake up, wake uuuup  
We are only part of a dream  
All the things in your heart  
Like the things in your head  
Are only what they seem

Oh, wake up  
Wake up, wake uuuup  
We are only part of a dream  
All the things in your heart  
Like the things in your head  
Are only what they seem

Oh, wake up  
Wake up, wake uuuup  
We are only part of a dream  
All the things in your heart  
Like the things in your head  
Are only what they seem

Hey, c'mon, man, everybody wake up  
Wake up, wake uuuup  
We are only a part of a dream  
All the things in your heart  
Like the things in your head  
Are only what they seem
