

Puffin on Blunts and Drankin Tanqueray

Dr. Dre

All ways and forever, forever and all ways
the rhythm will flow from now and through all days
as long as the sun shines
as long as Eisenours on the dime
yo, I'll be kickin the rhyme
One time for ya mind, your soul your body
D-o-g's on the side of me, smooth as E & J
hard as Bacardi smackin those yaddy-yacks and ducks keep quackin
hands that are clappin end up cracklin
under the heat the pressure from the one thats deffer
Egyptian ruler will call me cleo ro Nefertiti yes indeedi
got the eyes of the beedie-body from Tahiti
voice of the will lyrics blow
chills up ya spine thats illslow
all thoughts in ya mind drop a yo
came in the front but you be kicked through the back door
for tryin to step, tryin to come incorrect
tryin to play the left, tryin to start a mess
tryin to cause fuss, tryin to raise a ruckus...Huh
you'll end up ashes to ashes, dusk to dusk
a busta you musta been fuckin on drugs
and alcohol back off, all a yall up against the wall
spread em, doggs go get em and
cuff em and stuff em, cold shed em dont let em
not a word, not another one heard
if you try you die, visions blurred, speech slurred
served with a cherry on top
Rage in effect I just begun to rock
Yeah rock on witcha bad self R A G E!
rock on witcha bad self R A G E !
Rock on witcha bad self R A G E !
Rock on witcha bad self....
