

As Long As The Price Is Right

Dr. Feelgood

Looking for a good time
Wanna see the town
Cos i'm the man
If money talks
I wanna hear it sing
If you got the readies
Then i'll swing

As long as the price is right
As long as the price is right
As long as the price is right
If you got no bread you're as good as dead

Back room card game
Ace in the hole
There's big money rockin'
And i bet my soul
I've seen the movie
And i've read the book
And i don't need
No second look

As long as the price is right
As long as the price is right
As long as the price is right
If you got no loot then you just can't shoot

If you got no loot then you just can't shoot

Looking for a good time
Hotel queen
Took her up to your room
The boys go green
She ask you for a hand
With the zip on her dress
And you say 'oui babe'
Cos that's french for yes

As long as the price is right
As long as the price is right
As long as the price is right
Well if you got no cash then i gotta dash

If you got no cash then i gotta dash
If you got no cash then i gotta dash
