

# Drives Me Wild

Dr. Feelgood

Well I mean  
You look good to me  
Something you got  
Has got a hold of me

But honey, baby what can I say  
I can't help it you don't run away  
Your body  
Your body  
Your body  
Your body drives me wild  
Your body  
Your body  
Your body  
Your body drives me wild

You're big for your size  
You look young for your age  
You hurt my sides  
When I close to your face

But honey, baby what can I say  
I can't help it you don't run away  
Your body  
Your body  
Your body  
Your body drives me wild  
Your body  
Your body  
Your body  
Your body drives me wild

Well I mean  
You look good to me  
Something you got  
Has got a hold of me

But honey, baby what can I say  
I can't help it you don't run away  
Your body  
Your body  
Your body  
Your body drives me wild  
Your body  
Your body  
Your body  
Your body drives me wild  
Your body  
Your body  
Your body  
Your body drives me wild  
Your body  
Your body  
Your body  
Your body drives me wild
