I Don't Worry About A Thing

Dr. Feelgood

If this life is driving you to drink You're sitting around wondering just what to think Well I got some consolation I'll give it to you if I might

I don't worry about a thing I know nothing's gonna be alright

You know this world's just one big trouble spot Some have and some have not You know, I used to be troubled but I finally saw the light

I don't worry about a thing I know nothing's gonna be alright

Don't waste your time trying to be a go-getter Things will get worse before they get any better You know there's always somebody playing with dynamite I don't worry about a thing I know nothing's gonna be alright

I don't worry about a thing I know nothing's gonna be alright
