

Tell Me No Lies

Dr. Feelgood

I've been keepin' my ears to the ground
I've been hearin' rumors going round
Don't give me that dirty double talk
My advice to you is take a walk
Tell me can't you see
That you ain't foolin' me
So tell me no lies
Don't tell me no lies
I've been keepin' my eyes open wide
You've been lyin' truth won't be denied
I can't stand you cheatin' me this way
I don't believe one single word you say
Tell me can't you see
That you ain't foolin' me
So tell me no lies
Don't tell me no lies

I've been watchin' every way you go
I've got information don't you know
I have to say it ain't no big surprise
You've been messin' 'round but i got wise
Tell me can't you see
That you ain't foolin' me
So tell me no lies
Don't tell me no lies
Tell me can't you see
That you ain't foolin' me
So tell me no lies
Don't tell me no lies
So tell me no lies
Don't tell me no lies
