

Put A Little Bit On Me

Dr. Hook

One am , and here I set
Two am and you ain't home yet
I don't wanna think where you might be.
Guess I'll go and get me stoned .
Lord I feel so all alone
How I wish that you'd come home
and put a little bit on me .

Put a little bit on me , sweet momma.
Put a little bit on me.
You put a little bit on everybody else .
Everybody else see .
You put a little here , you put a little there .
Now all I want is my rightful share .
So hey Momma , ain't gonna wanna
Put a little bit on me .

You used to call me Sweet Daddy Jelly Roll
I used to feel your mind and thrill your soul
and any time I needed you ,you'd cure my misery .
But those days have gone and passed us by
and all you do is lay around on your ass and cry
and baby if you don't wanna see me cry
Put a little bit on me .

Put a little bit on me , sweet momma.
Put a little bit on me.
You put a little bit on everybody else .
Everybody else see .
You put a little here , you put a little there .
Now all I want is my rightful share .
So hey Momma , ain't gonna wanna
Put a little bit on me .
