Sweetest Of All

Out of all of the nights I remember Of all of the loves I recall There are many who live in my memory But you were the sweetest of all

Wasn't it sweetest of all, babe Wasn't it sweetest of all I wasn't your first love, I wasn't your last But wasn't it sweetest of all

Sometimes I still think about you Sometimes I wish that you'd call And sometimes I feel like you're lying here with me And it's still the sweetest of all

So keep your goodbyes in your pocket You ain't going nowhere at all Your memory is staying here with me Cos you were the sweetest of all

Wasn't it sweetest of all, babe Wasn't it sweetest of all Of all of the lovers you let lie beside you Weren't we sweetest of all

Wasn't it sweetest of all, babe Wasn't it sweetest of all Of all of the lovers you let lie beside you Wasn't it sweetest of all

Weren't we sweetest of all, babe Weren't we sweetest of all Of all of the lovers you let lie beside you Weren't we sweetest of all
