

# The Shadow Knows

Dr. Hook

Who knows what evil lurks in the heart of a woman?  
The shadow knows, the shadow knows  
Do you run to him, the minute I'm leaving  
The shadow knows, the shadow knows  
But the shadow ain't talking the whole town is  
They've seen you in the moonlight, holding a stranger so close  
Are you lying to me baby, with your kisses?  
Only the shadow knows, the shadow knows, you and the shadow know  
WS  
Will you go to him tonight, the moment I leave you?  
The shadow knows, the shadow knows  
And will you, you'd lie to me again and want that I'd believe you  
The shadow knows, the shadow knows  
But the shadow ain't talking the whole town is  
They've seen you in the moonlight, holding a stranger so close  
Are you lying to me baby, with your kisses?  
Only the shadow knows, the shadow knows, you and the shadow know  
WS  
Only the shadow knows, the shadow knows, you and the shadow know  
WS  
Only the shadow knows, the shadow knows, you and the shadow know
