

## Years From Now

Dr. Hook

Years from now  
I'll want you years from now  
And I'll hold you years from now  
As I love you tonight

You are my one true friend  
Always my one true friend  
And I'll love you til life's end  
As I love you tonight

I know this world that we live in  
Can be hard now and then  
And it will be again  
Many times we've been down  
Still love has kept us together  
The flame never dies  
When I look in your eyes  
The future I see

Wanting you years from now  
And holding you years from now  
And loving you years from now  
As I love you tonight

I know this world that we live in  
Can be hard now and then  
And it will be again  
Many times we've been down  
Still love has kept us together  
The flame never dies  
When I look in your eyes  
The future I see

Wanting you years from now  
And holding you years from now  
And loving you years from now  
As I love you tonight
